PERSONAL STATEMENT

I worked several years in human resources and operations management, before pursuing my passion of web development. I taught myself for several months and joined a bootcamp, through which I have been building several full stack web apps. I am a quick learner, I have worked in very diverse environments, and I am excited to bring my unique perspective to your company.

EDUCATION

2015

General Assembly, San Francisco
Web Development Immersive

2014

Golden Gate University, San Francisco
MBA – Management

2012

University of California, Davis
BA – Sociology: Organizational Studies

SKILLS

JavaScript	Bcrypt
jQuery	Unity/Unreal/Quintus
MEAN Stack	Mocha
Ruby on Rails	RSpec
HTML5/CSS3	GitHub
Bootstrap	Heroku
Swift	HRIS/ATS
SQL /PostgreSQL	Operations Management
Underscore	Recruiting

WEB DEVELOPMENT PROJECTS

Extraterrestrial Excape | Heroku | GitHub

- I built a basic Quintus-powered platformer game in four days to explore level design and backend functionalities of a web app
- Technologies used: JavaScript, Quintus, jQuery, jQuery Validation, Underscore, Node.js/Express, Bootstrap, AJAX, Bcrypt, MongoDB, Mongoose, Mocha, GitHub, and Heroku

atCon | Heroku | GitHub

- I was the lead dev for a group of four, and in four days we built a social network web app for conferences
- Technologies used: Ruby on Rails, Bootstrap, jQuery, jQuery Validation, AJAX, Paperclip, AWS SDK, RSpec, LinkedIn API, Bcrypt, PostgreSQL, GitHub, and Heroku

EXPERIENCE

General Assembly
Web Development Immersive Student | 2015-2015

- Creating multiple full stack MEAN and Ruby on Rails web apps per week
- Pair programming, working with teams through project weeks, and GitHub workflow
- Applying new languages, frameworks, and libraries to assignments throughout the week, and for pet projects

Conestoga-Rovers & Associates / GHD Inc.
