

Preetham V Dhondaley

49 Cadillac Dr #26 Sacramento, CA 95825 * +1(408) 856-5294 * preethamdv@yahoo.com

Education

California State University, Sacramento

May 2016 (expected)

Masters In Computer Science

Visvesvaraya Technological University, India

2013

Bachelors In Computer Engineering

MS Ramaiah Polytechnic, India

2010

Diploma In Computer Science

- Secured a medal for topping the class for two consecutive years

Experience

Exilant Technologies, India 2013-2014

Software Developer for an Apple Inc project

- **Known for excellent troubleshooting skills:**
 - Analyzed the reported problems, and reproduced it within the time frame
 - Successfully participated in contributing solutions to the problem
 - Designed and developed a patch for the problem
 - Technologies: COCOA(Macintosh & IOS), Objective-C, C, C++

Recent Projects/Work

CCDC (Collegiate Cyber Defense Competition at CSU, Sacramento - Nov 2015)

- Successfully defended network from attacks
- Roles: Exploited opponent's Systems, Discovered Vulnerabilities, Updated Systems, Logged network activities, Managed Gateway configurations, Setup Firewalls

CloudDrop (Self made application, to be published on Apple store and Android's Play store)

- Transfer files to all your grouped/individual devices (Tablets & Phones) with a single click
- Store files on your cloud, play music directly from your cloud playlist
- Transfer files between Android and IOS
- Framework/Technologies: Android, COCOA (IOS), C, PHP, Javascript/Jquery, CSS

TDMS(Term Deposit Marketing System)

- Based on the concept of Machine Learning/Artificial Intelligence
- Predicts relevant customers for a Time Deposit Scheme using Artificial Neural Network
- Role: Successfully Designed and developed the whole application
- Frameworks/Technologies: COCOA(OS X), Shell Script

Save My Android (Self made application, Published on Google Play, 2013)

- Locates misplaced phone without an internet connection
- Activate the ringer on a misplaced silent Android phone just by sending an SMS to the phone
- Successfully released 22 updates with new features, security, stability, and performance improvements
- Framework/Technologies: Android, Java
- **URL:** <https://play.google.com/store/apps/details?id=com.savemya>

Technical Skills

System Design	OS X Development	IOS development	PHP
Javascript	HTML/ CSS	Machine Learning	SQL
C / C++	Android development	Java(Prior Experience)	UNIX

Personal Skills

Team Player	Visionary	Attention to Detail	Courteous
Curiosity	Business Acumen	Disciplined	Patience
Problem Solving	Heuristic	Adventurous	Management

Areas of Expertise

Network Security	Computer Forensics	Databases
Programming Language Principles	Computer System Architecture	Software System Engineering
Machine Learning	Software Requirements Analysis and Design	Algorithms And Paradigms

Tools

Version Control	Xcode	Android Studio	Eclipse
DreamWeaver	Weka	MySQL	Apache Server
Oracle Database	Kali Linux
