## Web Development Experience

### Geography Game

-Live Demo: <http://www.michaelirby.com/Geography-Game>

-Github: <https://github.com/optipwr/Geography-Game>

Used React to build a Google Maps API trivia game. NPM used for React, React-Router, React-Google-Maps and React-Bootstrap.

### Movie App

-Live Demo: <http://www.michaelirby.com/movie>

-Github: <https://github.com/optipwr/movie-app>

Unique movie app made with JavaScript and AJAX calls to themoviedb.org API. DOM manipulation with jQuery once API calls loop and complete.

### BlackJack

-Github: <https://github.com/optipwr/blackjack>

Classic Blackjack game built with core frontend languages. HTML/CSS for visuals and JavaScript/jQuery for functional game play and logic.

### Other Skills Learned

Node.js, Python, MySQL, NoSQL, Express, Git, Github, HTML5 Canvas
