## + projects

### Frankie Jams Out

- Built with JQuery, HTML5, CSS.
- Frankie Jams Out is an online music player designed for parents and kids. Kids music can get repetitive, so Frankie Jams Out curates kid friendly songs that won't drive Mom and Dad crazy.

### Must Chat TV

- Built with Angular and Firebase's database and authentication systems.
- Must Chat TV brings the social aspect to live chatting your favorite shows.

### Cookit

- Built with Ruby on Rails, Coffeescript, Rspec and Sass.
- Reddit inspired site for sharing grandma's recipes privately or with the community.
- Browse recipes from grandma's around the globe, comment on those you've tried and favorite ones to try later.

### Booted

- Ruby on Rails based web app utilizing a number of gems including Devise, Stripe, Faker and Figaro
- Standard Users have the ability to contribute to and create public wikis while Premium users can create private wikis and add contributors.

### Rough Cut Love

- AngularJS site for local musician, Joe Griffin's new album, Rough Cut Love.
- Integrated a music player with functionality via Buzz library as well as ability to customize playlist, rate and mute songs.
