# Rebecca Foster

## Software Engineer

Full-stack web developer with background in art and social work and passion for logic, math, and patterns. I want my career to combine all these passions, and I am seeking a position in web development that fosters a growth mindset and creative collaboration.

## Web Development Experience

### Thinkful — Engineering Immersion, Graduated — July 2020

Learned industry best practices and practical software development standards

Created and deployed mobile-first applications while learning new languages and frameworks by collaborating several hours every week with a senior web developer.

### The Get Dressed Club [Live](#) | [GitHub](#)

A fullstack CRUD app for friends to take care of themselves and each other during quarantine. Users can get outfit themes for the day, submit daily logs of their self care routine, and offer or ask for support if they are struggling. Built with React.js, Node, Postgres, Knex, & Formik.

### Web Weavers Studio [Live](#) | [GitHub](#)

A full stack application for handweavers to connect with each other & log details on projects. Built with React.js, Node, Postgres, Knex, & Formik.

### Hiking Weather App [Live](#) | [GitHub](#)

An app to give users quick, dynamic, simple gear recommendations about the weather based off the location they want to hike. It runs by using a fetch block to the Open Weather API.

### Weavers Guild of Minnesota, Operations Assistant and Web Manager [Live](#)

Manage informational mobile responsive WordPress website that gives users information about the Weavers Guild of Minnesota
